

Watertight Hubs

Watertight hubs securely connect Rigid or IMC conduits to standard knockouts in boxes or electrical enclosures. East Electric zinc die cast construction prevents moisture, dust and other damaging particles entering conduit. Oversized locknut prevents damage from vibrations. UL listed, NEMA 2, 3R, 4, 4X, 5, 12, 13 approved; 1/2" to 4" sizes to suit multiple applications are always in stock.

Watertight Hubs

Part No.	Size	Inner Case	Master Case
TH-050	1/2"	25	250
TH-075	3/4"	10	100
TH-100	1"	10	100
TH-125	1 1/4"	2	20
TH-150	1 1/2"	2	20
