

# East Electrical Supply Inc.

Specification Sheet - 2023-5

---

## 4" Square Welded Deep Boxes

4" square welded junction boxes can be installed in walls or ceilings for lighting fixtures, switches, receptacles or other outlet devices. Square boxes are used to bring power to a number of electrical devices where multiple conductor runs are split in two or more directions.

### Features

- Welded
- 2-1/8" deep offer extra cubic capacity
- Available in multiple eccentric KO sizes with MC lamps, NM clamp, brackets, 10/32 ground screw and pigtail where noted

### Standard Materials

- Galvanized Steel
