

Reducing Washers

Used in pairs to reduce the size of knockout holes.

East Electrical Reducing Washers are crafted in strong and resilient steel for use in reducing the sizes of knockouts on an enclosure, in a cabinet or in a sheet metal box. UL listed and available in sizes from 3/4" by 1/2" up to 2"-1-1/2".

Features

- Reducing washers press firmly into knockout, providing a secure connection

Reducing Washers

Part No.	Size	Inner Case	Master Case
RW75-50	3/4" - 1/2"	100	1000
RW100-50	1" - 1/2"	100	1000
RW100-75	1" - 3/4"	100	1000
RW125-50	1 1/4" - 1/2"	50	500
RW125-75	1 1/4" - 3/4"	50	500
RW125-100	1 1/4" - 1"	50	500
RW150-50	1 1/2" - 1/2"	50	500
RW150-75	1 1/2" - 3/4"	50	500
RW150-100	1 1/2" - 1"	50	500
RW150-125	1 1/2" - 1 1/4"	50	500
RW200-50	2" - 1/2"	25	250
